# **Material Safety Data Sheet**

# **Section 1: Product Identification**

**Product Name: Canine Anaplasma Platys Molecular Detection Kit** 

Cat. No.: 30CAP108/30CAP116/30CAP148

# Section 2: Composition & Information on Ingredients

Chemical Name: Not Applicable Cas Number: Not Applicable

#### **Section 3: Hazard Identification**

**Dot Hazard Class:** Not Applicable

**Human and Environment Effects:** Not Applicable

#### **Section 4: First Aid Measures**

**Skin:** If accidental contact to skin occurred, wash the area with plenty of cool tap water.

Eye: Check for and remove any contact lenses. In case of direct contact Flush eyes with plenty of water for 15 minutes, while holding eyelids spread apart. Get medical attention if irritation persists.

**Inhalation:** Remove from explosure and move to fresh air immediately. If not breathing, give artificial respiration. If breathing is difficult give oxygen. Get medical aid.

**Ingestion**: If swallowed, give several glasses of water to drink to dilute. If large

amount was swallowed or symptoms occur, get medical addvise. **Note to physician:** Treat symptomatically and supportively.

# **Section 5: Fire Fighting Measures**

**General Indications:** Not Applicable Extinguishing Media: Not Applicable

Non Suitable Extinguishing Media: Not Applicable

**Protective Media:** Not Applicable

#### **Section 6: Accidental Release Measures**

Use personal protective Equipement such as latex gloves and full body gown. If some of the content was accidently released, wear suitable gloves (see section 8), absorb spilled solutions and rinse area throughly with soap and water.

# **Section 7: Handling and Storage**

Kit to be refrigirated at 2-8° C and never to be frozen. Avoid cross contamination of solutions, avoid mixing solutions from different kits and from different compartments of one kit. Avoid touching teeth of the ImmunoComb® card.

# **Section 8: Exposure Controls – Personal Protection**

**Respiratory Protection:** Not Applicable

Hand Protection: Use latex, nitrile or rubber gloves. Check gloves for leaks. Wash

hands before and after using gloves. **Eye Protection:** Not Applicable

Skin Protection: A full body laboratory gown is recommended while using the

product.

#### **Section 9: Physical & Chemical Properties**

Solutions for developing plate:

Appearance, Physical state and color: Colorless to yellowish fluide

Odor: None

**Boiling Point:** ~ 100°C

Melting Point: Not Applicable Evaporation Rate: Not Applicable

**Storage Conditions:** 2-8°C

**Solubility in Water:** Not Applicable

**Specific Gravity:** ~ 1

**PH:** 7-9

Flash Point: Not Applicable

**Ignition Temperature:** Not Applicable **Flameable Limits:** Not Applicable

#### **Section 10: Stability & Reactivity**

**Stability:** 15 months

**Conditions to avoid:** Heating above 40° **Material to avoid:** Not Applicable

Hazardous decomposition Products: Not Applicable

# **Section 11: Toxicological Information**

**Carcinogenicity:** Solutions contain 0.1% Azid (as preservative), which should be regarded potentially carcinogenic and any contact should be avoided. Combs are coated with Thiromesal, which should be regarded the same. See Sections 6 and 8.

#### **Section 12: Ecological Information**

**Ecotoxicity**: Not available.

# **Section 13: Disposal Considerations**

The product contains inactivated biological and Sodium Azid 0.1% as preservative, and must be disposed of in accordance with accepted sanitary requirements. Use large amounts of water to flush kit solutions down sewage/drainage system.

# **Section 14: Transport Information**

Handle as "fragile", not to be turned over, avoid exposure to vacuum.

#### **Section 15: Regulatory Information**

Hazard Symbols: Not Applicable Classification: Not Applicable Risk Phrases: Not Applicable Safety Phrases: Not Applicable

# **Section 16: Other Information**

None.

**Disclaimer:** The information contained in this MSDS is believed to be correct but does not claim to be all inclusive and shall be used only as a guide.
